

# Did You Know?

Responding to a baby younger than 6 months old every time she cries won't spoil her.

**Your baby cries to communicate needs, not to upset you.**

- Build your baby's trust by being there when she needs you
- Respond every time your baby cries
- Use a soothing voice to help your baby feel secure

*Better  
Brains  
for  
Babies*

***You can make a difference!***
